GMS

BALANCE SCALES

Miki ES-602HA

High Precision Laboratory / Commercial Scale

Max Capacity	600g
Min Capacity	0.2g
e=10d	0.1g
Readability	0.01g

Plastic windshield

Glass windshield

⊕ **Technical Parameter**

- NMIM Accuracy Class: III
- Readability: 0.01g
- Display: Easy to read LCD with white backlight
- Antistatic line protection function
- Weighing stability less than 3 seconds

- Power supply: 12.0VDC 500mA adaptor
- Battery Operated: 6x AA Batteries (Optional, Not Included)

⊕ **Structural Features**

- Round weighing pan size: 118mm diameter

- Material:
- Plastic housing

- Glass or Plastic draft shield of more accurate reading

- External Display with 1.5m cables (No backlight)
