

### ACS-SC73

**NMIM & SIRIM**

**PATTERN APPROVED  
2021**

#### PROFESSIONAL INDUSTRY COUNTING SCALE

PATTERN APPROVAL MODEL : ACS-SC73

PATTERN APPROVAL No : ATS-0035-21

Max	Min	e
30kg	10g	0.5g
15kg	5g	0.25g
6kg	2g	0.1g
3kg	1g	0.05g

#### ⊕ Characteristics

- One window large LCD display with backlight
- User friendly keypad: Accumulate, Review, Sample, Zero, Unit-weight and Tare
- Double pan design (Plastic and SS material), suitable for various environments.
- Waterproof keypad' film-coated
- Internal compact winding displacement to prevent damage during transportation.
- Pressure-resistant ABS plastic body case
- International standard Z.E.M.I.C load cell in 130mm
- Speedy weighing and stable reading within 2 seconds.
- Accumulator function for weight and parts count.
- One time charge can maintain 180 hours operation time.
- Low voltage display and overcharge protection
- External AC charging voltage: 110-220V
- External DC power: working voltage: 6V ±10%
- **Material:** Steel , Plastic
